

Dear Friends and Supporters.

TFP's new Supporters' Programme

The Forgiveness Project has been fortunate to attract much recognition and praise over its eight years in existence but fundraising for the organisation isn't easy, and never more so than in these financially challenging times.

Despite this work being hard to quantify and measure, we continue to receive a huge amount of evidence that demonstrates again and again that this work is transformative and changes lives. More than 500 visitors each day go to our website, and over 150,000 people have seen our exhibitions worldwide, all accessing resources that help resolve pain and conflict. Our award-winning RESTORE prison programme continues to help rehabilitate prisoners, and our schools' resource, currently in production, will educate young people about peaceful solutions to conflict.

However, to continue this work we need your help. To assist us in what is a challenging time for fundraising, we have developed a tiered 'Supporters Programme.' The programme will invite those who wish to support us to pay an annual fee to become a Friend, Guardian or Ambassador of The Forgiveness Project.

There are three levels of support that people can sign up to, starting at £60 or US\$96 per year (just £5 or \$8 a month).

- Become a Friend of The Forgiveness Project: £60 - £299 per year
- Become a Guardian of The Forgiveness Project: £300 - £2999 per year
- Become an Ambassador of The Forgiveness Project: £3000 + per year

(To use other currencies please go to <http://www.xe.com/ucc/>)

As a way of showing our sincere appreciation, everyone who signs up for the programme will be named on The Forgiveness Project website as a funder, as well as in our new literature, currently being written and produced. There will also be offers of discounted tickets to our events. For our Guardians and Ambassadors there will be special events, as well as the opportunity to offer strategic advice on the work of the charity, and the chance to participate in one of our award-winning prison workshops.

We know the work The Forgiveness Project does is transformative, and that every person who engages with the charity and its resources is moved and challenged. We are already fortunate to have a large amount of dedicated and wonderful supporters. If you wish to join the programme and contribute to this pioneering charity please contact simon@theforgivenessproject.com or [click here](#).

Finally, we would like to say a heartfelt thank you to all those who have helped fund our work since the project was founded in 2004.

Wishing all our friends and supporters a happy and peaceful 2012.

Marina
